

# Doing what's right for our employees.

## Tammy

I've been at Workers' since 2006. I started as a Call Center Rep and now as a Loan Processor in Lending. Working in Lending is great, my colleagues are helpful and so easy to approach — no matter the question. I've had flexibility in my hours, as well as sensitivity to life issues. And, you won't find events like Movie Night and the STARS Awards at other organizations. I tell my friends all the time to apply for a job because Workers' is an amazing place to come every day. I feel like I belong.

## Denise

I can honestly say, I have FUN working here. There is opportunity for growth, education and advancement, and the people I work with are, well, the best! I started in Accounting and then moved to the Fitchburg branch as an FSR. I love the diversity and the challenges in assisting people with their financial needs. I always tell my friends to apply here, and, being bilingual, it's an advantage to help out members with language barriers. I've learned so much at Workers' because of the continued support and training, they make it easy to do what I do. Everyone here makes you feel like you belong. And I do.

## Eric

I came to Workers' in 2007 as an FSR for the Chelmsford Branch with no background in financial services. I've always enjoyed numbers and customer service; it seemed like a good fit. It is such a positive environment with opportunities for advancement - now I'm the Assistant Branch Manager. The Workers' Quarterly Incentive program is excellent. It gives everyone a chance to be rewarded. I can honestly say that everyone in every department is very helpful and my boss has always encouraged me. What a great feeling! I enjoy going to work, because everyday you feel like you belong.

## Chris

I work in Operations, servicing mortgages, and I love to help our members, it's the credit union philosophy of "People Helping People". We focus on our members and do what's right for them — that makes me feel like I make a difference in their lives. Not only that, it's like a family here. All of upper management is approachable and friendly. I feel recognized and appreciated. And, this company encourages us to give back to the community with paid time off. Workers' is a great place to work and, ultimately, I feel like I belong here.

## We belong at Workers', do you?
