### Earnings Credit Allowance (ECA) will be used to offset the charges above.

The monthly ECA rate is calculated using the 90-day T-Bill rate as set on the first Tuesday of the month, divided by 365 days, then times the number of days in the monthly statement cycle. The monthly rate is then applied to the average collected balance minus a 10% reserve to arrive at the amount of the ECA for the month. Excess earnings credits are not carried over to the next month or credited to your account in any way.
